

CHAMPS Group Purchasing and County Fire Protection Launch Contract for Fire and Life Safety Products

CLEVELAND - [CHAMPS Group Purchasing](#) and [County Fire Protection](#) have launched a contract for fire extinguishers, hydro testing, and life-safety products effective until Sept. 30, 2019. The contract is available to all CHAMPS members in Ohio, Michigan and Pennsylvania.

“CHAMPS’ new agreement with County Fire Protection demonstrates our commitment to developing contracts with Ohio based companies,” said [Jan Elder](#), director of contracting services, CHAMPS Group Purchasing. “Headquartered in Kent, Ohio, County Fire Protection now offers CHAMPS GPO discounts on all their fire and life safety product sales and services. County Fire Protection is uniquely focused on training and education. The new Mobile Training Trailer conveniently brings their expertise to a member’s doorstep and allows technicians to train individuals in their own work environment.”

As most Healthcare companies know, Fire and Life Safety reporting is a hot button issue for CMS and all AHJ’s. County Fire Protection is the only company in Ohio that offers a web based bar-code management solution that exceeds the Center for Medicare/Medicaid Services requirements. Users can easily view, track, and produce all Life Safety inspections at a moment’s notice to assure 100% compliance 24/7.

“We are extremely excited to announce our partnership with CHAMPS to offer ‘Best in Class’ fire protection services to its members,” said John Lubinski, president. “County Fire Protection Inc. is an innovative market leader in fire and life safety services and we look forward to exceeding the expectations of its members.”
